Appl. No. 10/622,916

Amdt. dated Feb. 9, 2005

Reply to Office action of Dec. 8, 2004

Attorney Docket No.: 59183-8027.US06

REMARKS

Reconsideration and withdrawal of the rejection set forth in the Office Action

dated December 8, 2004 is respectfully requested. Claims 1, 69-73, and 75-88 are

currently pending this application. Claims 75-88 are new.

The applicants respectfully traverse the Examiner's double-patenting rejection.

The applicants believe that the claims are not obvious in view of the parent application.

Nevertheless, a terminal disclaimer is submitted for the sole purpose of expediting the

issue of a patent.

The applicant respectfully asserts that claims 75-78 depend from independent

claim 1 and are allowable for at least the same reason as claim 1. The applicant further

asserts that independent claim 79 is allowable for reasons similar to that of claims 1

and 69. New claims 80-88, which depend from claim 79, are allowable for depending

from an allowable base claim.

A Notice of Allowance is therefore respectfully requested. Should the Examiner

find that a telephone or in-person conference would expedite the prosecution of this

Application further, he is invited to contact the Applicants' counsel at the contact listed

below for such a conference.

Respectfully submitted,

Perkins Coie LLB
